

## Gear Down Blind 2 #11218-2

Thank you for purchasing the Gear Down Blind 2. To see more Lucky Duck™ products please visit your local Sporting Goods dealer or online at [www.luckyduck.com](http://www.luckyduck.com).

We introduced the original Gear Down Blind 10 years ago and hunters have loved the portability, ease of use and low profile the blind offers. The Gear Down Blind 2 offers these same great features plus more durable and easier to use “G” hook buckles, stubble pockets to hold brush more securely and a darker fabric color to contrast the vegetation color and blend better with the dirt background of a cut field. With these updated features the Gear Down Blind 2 is in a class of its own.

To setup and take down the blind follow the simple steps below.

**Step 1:** Disconnect the two “G” hook buckles at the top of the blind.

**Step 2:** Open the blind and lay flat on the ground.

**Step 3:** Adjust the support leg so it is perpendicular to the backrest. Adjust the angle of the support leg by sliding the Bracket on the leg strap until you are in a comfortable position.

**Step 4:** Unfold the cover and connect the support rod.

Reverse steps to take down your blind.

**Tip:** As with all fabric there may be a slight sheen on the cover from the factory. Simply rub dirt on the cover or give the cover a slight dusting with ultra flat brown spray paint.

**Storage:** If storing the blind for extended period make sure the blind and stubble is free of moisture to avoid mildew and mold problems.
